Do you want to delete the background in clip art?

Create Transparent Areas

Before and After Transparent Setting

Steps

- * Select clip/picture by clicking once
- * On the Picture Toolbar, click Set Transparent Color icon
- * Click the color (background) you want to make transparent
- * If the Picture toolbar is not visible, click View, Toolbars, Picture

Mini-Book Using Power Point

Mini-Books

- * Teacher demonstrates how to copy and paste text & pictures from the Internet
- * Create slides in PowerPoint
- * Print the slides 6 per page
- * Cut around the slides, adding 1/2 inch to the left side of each to allow for staples
- * Staple the slides to create a mini-book

State Mini-Book
Example

Staple slides together to create a mini-book
