

School District Employees can save 35% on the Chronicle, and help our teachers and students

With the Houston Chronicle Payroll Deduction Program

When you subscribe to 7 days per week home delivery of the Houston Chronicle via the ISD payroll deduction, you will receive 35% off the regular price at just \$13.00/month. As a result, the Houston Chronicle will donate \$15 to the school district for every employee subscription. Through this special agreement, some 10,000 of your fellow Greater Houston area school district employees save more than \$1 million/year on subscriptions while bringing back more than \$150,000 to their districts.

FAQs

Who is eligible for this program?

Only District employees can participate in the program. If you leave ISD employment, your subscription will revert to the standard subscription rate at the time of your departure.

What if I am a current Chronicle subscriber and choose to participate?

The current subscription for your delivery address will automatically be converted to this program on the date of your first payroll deduction (even if it is in your spouse's name). You do not need to cancel your current subscription and your existing distributor will continue to deliver your paper with no lapse in delivery. You will receive a refund from the Chronicle within four to six weeks for any monies in your Chronicle account at the time you begin this program. If you have received Chronicle home delivery service that you have not paid for when your account is converted, please submit that balance when you receive notification of the final amount.

What if I am a new subscriber?

Your Chronicle home delivery will begin about the same date as your first payroll deduction.

What if I have service questions, delivery problems, billing questions, or address changes?
Contact Houston Chronicle Subscriber Services at onlinesubscriptions@chron.com or 713-220-7211 or 1-888-220-7211.

What if I must stop my Chronicle payroll deduction?

Send a written request, including your signature and date, to stop your deduction by inter-office mail to your payroll department.

To begin receiving this benefit in the next payroll cycle, return your form to the payroll department.

YES! I want to start or renew my home delivery of the Houston Chronicle! Starting with the next available payroll cycle, I authorize payroll to deduct \$6.50 per paycheck, twice per month, for my Chronicle home delivery subscription until I instruct otherwise (\$84 off the regular annual rate of \$240 per year).
