

Student Identification Cards

Student identification cards will be worn on lanyards by all students in the 2004-2005 school year. Students must have their ID cards displayed at all times when inside the building including before and after school. Failure to have the ID card displayed will result in disciplinary action. The card will serve several functions:

1. To gain admittance to the library and check out books from the library.
2. To use for access in the cafeteria line.
3. To act as an identification of students for campus security.
3. Students must have an ID card to be allowed in class.

The student ID card is school district property. The replacement fee assessed for a lost, stolen, altered, or damaged card will be \$5.00. Limited temporary ID cards will cost \$1.00.
