

## **Uninstalling the PDAS TSR Program**

Most Windows 95/98 programs have an uninstall option that can be initiated through the control panel. Unfortunately, the PDAS TSR Program does not have an uninstall option.

However, the program can be uninstalled by following these instructions:

PLEASE NOTE THAT THIS WILL PERMANENTLY DELETE ANY PDAS  
TEACHER FILES FROM THE COMPUTER.

In order to remove the PDAS program and its data files from the computer, you need to delete four items.

Begin by double clicking on **My Computer**. Next, double click on the **C:** Drive icon, and then double click on the **Program Files** folder. Locate a folder titled **4winsys**. Click ONCE on the folder and delete it. You may have to click on Yes to confirm the deletion of the folder.

Next, navigate back to the **Program Files** folder and locate a folder titled **Tsr**. Delete that folder. Continue by closing all windows.

Continue by RIGHT clicking on the **Start** button and then left clicking on **Open**. Open the folder titled **Programs**. Locate and delete the folder titled **TSR**. Close all open windows.

Finally, delete the icon on the computer desktop titled **Shortcut to Teacher Self Report**.

The program is now uninstalled.
